

How to Reset Your TI-84

To maintain the integrity of IAAO exams, just prior to you taking your exam, you will be asked to do a factory reset of your TI-84 to ensure that you don't have any notes or formulas stored in your TI-84.

Performing the following procedure will delete everything (all data, programs, ...) from your calculator and return your calculator to its original state from the factory.

To factory reset your TI-84, please perform the following steps:

- Step #1. With the calculator turned off, turn your calculator on, press [2nd] [mem], arrow down to Option #7:Reset and press [enter].
 - Or, if you just press [7], you don't have to arrow down to Option #7 and press [enter].
- Step #2. Arrow over to ALL and press [enter].
- Step #3. Arrow down to Option #2:Reset and press [enter], or you can just press [2].

If you complete the steps above correctly, you will see the following screen. The only thing that may be different is the version number.
